

## CUT PAPER FAMINE

Alaskan Forests May Be Salvation of Publishers.

Millions of Feet of Wood Pulp Soon To Be Available.

Seattle, Feb. 10.—Alaska wants to throw open her millions of acres of national forests so that the billions of feet of paper wood of the northland can help relieve the pulp and newsprint famine, Governor Thomas Riggs, Jr., of Alaska, declared here recently.

Governor Riggs said in his way from Juneau, capital of Alaska, to Washington, D. C., where he expected to help press pending legislation intended to remove restrictions and al-

low pulp manufacturers to go into the Tongass and Chugach reservations, the northern territory's two great reserves. Pulp and paper men are anxious to go to Alaska and establish mills as great as those operated in British Columbia not far south of the Alaska boundary line, the governor asserted. Under the present laws the pulp makers cannot enter the reservations with any certainty that they will be allowed to stay.

Alaska's great forests stretch over approximately 24,000 square miles, an area nearly equal in size to the state of Indiana, according to estimates made by government officials.

Several hundred million feet of good pulp wood, including western yellow pine, hemlock, Sitka spruce, white fir and lodgepole pine, are on the forest reserves alone.

The Tongass reserve, in southeastern Alaska, is especially adapted to the manufacture of pulp and paper, forestry officials have reported. There is plenty of water power, ocean har-

bors open the year round, timber skirting the water and weather similar to that of the Puget Sound.

The governor intends to ask Washington to restore the reserves to the national domain or to open them to the pulp industry.

## CARELESSNESS IN FLU

Doctors Not Reporting and Quarantine Being Violated.

Reports indicate that Topeka physicians are not adhering strictly to the regulations of the health department and the city ordinances in their handling influenza patients.

According to the city ordinance all physicians are required by law to report contagious and infectious diseases to the city health department. It is a duty of the health department to see that residences or buildings housing such patients should be cordoned with the quarantine sign.

There is prevalent in Topeka an undecorousness of conversational reports of considerable magnitude, pointing out that many citizens have knowledge of residences where members of the family are sick with influenza. Yet there is no quarantine. The family physician comes and goes as do other members of the family.

While influenza ranked last year as one of the most dangerous diseases coming to the notice of the health department, and is this year considered dangerous enough to influence the health department to make a drastic closing order, it was not last year, and is not this year, being quarantined with the absolute stringent effectiveness observed in the case of smallpox, diphtheria, typhoid or scarlet fever.

A woman in North Topeka, who claimed she had been a nurse for fifteen years, called The State Journal office this morning to make complaints against many violators of quarantine in this part of the city. She stated their actions were criminally dangerous and that they did not seem to care at all for the deadly germs they were carrying out from their homes wherever they went. Complaints of many cases of influenza in homes not quarantined are as numerous from this part of Topeka as they are from other parts of the city.

Both were Mankato boys. Bodies cut to pieces under train Sunday are identified.

Mankato, Kan., Feb. 10.—The bodies of two young men found on the Rock Island tracks two miles west of Agenda early Sunday morning by section hands were identified Monday as those of Lucas Hatley, 20, and Rufus Hatley, 17, of Mankato. The boys were cousins. Rufus Hatley was a son of John Hatley, a farmer near Rubens. The only means of identification was their clothing, and a carded note on a Mankato bank made out to Lucas Hatley.

It is known that the two boys packed their trunks Saturday afternoon and told friends they were going to Kansas City on a Rock Island freight train. It is presumed that one of them fell from the moving train and the other lost his life trying to catch him. Both bodies were mangled beyond recognition even by their relatives. They were buried this afternoon at Agenda.

WOULD COMMAND G. A. R. Capt. G. M. Brassfield Candidate for Chief Kansas Department.

Capt. G. M. Brassfield, formerly of Topeka, now living in Wichita, has announced his candidacy for department commander of the Kansas G. A. R. Captain Brassfield lived in Topeka from 1890 to 1917, during which time he operated five different grocery stores. In 1917 he moved to Frankfort, Kan., and two years later to Wichita. He served in the Civil war from 1861 to 1866 and bears scars from four wounds received in the service. In 1916-18 he was adjutant general of the Kansas G. A. R.

The grand encampment will be held at Hutchinson during the week of May 2. Prior to that time Captain Brassfield will spend his time visiting various posts in the interest of his candidacy.

EGYPTIANS MAKING FORTUNES. Live in Mud Huts New Cotton Magnates Are Rolling in Wealth.

London, Feb. 10.—Egypt is "bursting with wealth," accumulated from cotton, says a correspondent of the Daily Express in Cairo.

"Illiterate natives living in mud huts have made 20,000 pounds sterling out of cotton deals," he continues. "Some have made 100,000 pounds. They have bought land at inflated prices and paying off mortgages which were regarded as family heirlooms. One British official says that the country has made at least 100,000,000 pounds."

RED CROSS TO FIGHT TYPHOID. American Relief Asked by Polish Authorities for Galician Territory.

Warsaw, Feb. 10.—American Red Cross officials have been asked by the Polish government to rush doctors into southeastern Galicia where typhoid fever is epidemic. M. Danowsky, a member of the chamber of deputies, says that the people of eastern Galicia are literally dying out, and that several villages in the district are left without a single survivor. Since the epidemic began, it is said, 100,000 deaths have occurred, one out of every five taken ill dying.

ETTELMAN BACK TO TOPEKA. Resigns From Kresge Management and Looks for "Job" Here.

B. B. Ettelman, former manager of the Kresge ten-cent store in Topeka, and who has been manager of a Kresge store in Sioux City for the past year, will return to this city. His friends in Topeka report that he has resigned and is in search of a position which will enable him to live in Topeka. Ettelman, in this city, was active in civic affairs, and one of the most energetic members of the Chamber of Commerce.

KINNE SAVINGS TO SONS. Veteran Street Car Conductor Left Three-Fourths to Gordon Kinne.

Three-fourths of the estate of John R. "Dad" Kinne, veteran street car conductor, was left to a son, Gordon Kinne, according to the will filed Monday in the probate court. Another son, Charles W. Kinne, received the remaining fourth. Two other sons, Samuel A. Kinne and Almond H. Kinne, were each left \$5. The estate was composed of personal property valued at \$1,100 and real estate valued at \$4,200.

GREENWOOD COUNTY WANTS ALLEN. Eureka, Kan., Feb. 10.—Governor Allen today has the endorsement of the Greenwood County Republican Central committee for president.

## OPPOSE GAS RAISE

Topeka Company Promises to Fight Increase Here.

Neither Firm Nor Consumers Can Stand the Expense.

SHUT OFF THE GAS SUPPLY?

Drastic Action May Result From Federal Demand.

Only Method of Holding Down Price, Is Belief.

The gas rate increase in Topeka will positively be opposed, it was declared today by T. F. Doran, attorney for the Consumers' Light, Heat & Power company.

He said that negotiations are now pending between the Kansas City distributing companies and the receiver. In case an agreement is reached, the local company probably will have to fall in line, Doran said. Until the outcome of these negotiations, no decision as to its course will be taken by the local company, it was said.

"We will oppose the increase of the 25-cent rate," said the attorney. "We can't stand such an increase unless the rate to the consumer is also raised, and we don't want to do that because it will decrease consumption."

Turn Off Gas?

"Kansas City attorneys say they will permit the gas to be turned off before they will pay the increase," he was told. "Will that be done here?"

"That would be rather drastic action," was the answer. "It would cause inconvenience and probably suffering. But as a matter of fact, if these increases continue, it will only be a matter of time until it will have to be turned off anyway."

Doran said the only method the dis-

tributing companies have to fight the order of Judge Booth is to refuse to increase, which would probably result in the gas being turned off at the city gates. Topeka will not be affected until something develops in the fight elsewhere. The increase takes effect March 25.

## PAGE KEEPS ESTATE INTACT.

Widow and Children Named Executors of \$100,000 Personal Property.

The late Thomas Page left personal property valued at \$100,000. There was no real estate. This will filed Monday in probate court names the widow, Mrs. Jessie E. Page, and two children, David Page and Effie B. Page, as executors.

The will also states that David Page shall be elected president of the company and must serve in that capacity for ten years. It provides that each of the executors shall receive salaries of \$3,000 each, and additional payments of \$2,500 a year shall be given to Mrs. Page and \$1,250 a year to each daughter Mrs. Grace Page Redden and Effie B. Page. That is for the ten-year period.

At the end of ten years, the widow gets one-half the estate and each of the three children, one-sixth. The homestead on West Sixth street was in the name of Mrs. Page at the time of the miller's death.

HE'LL WIND HIS OWN CLOCK. Attorney General Hopkins Will Save Money on Western Union.

Because the Western Union Telegraph company collects the equivalent of six per cent interest on a \$250 investment on a modest open face wall clock, Richard J. Hopkins, attorney general, has ordered the time piece removed from his department. He has written a letter to the telegraph company advising that he will buy a cheap clock and wind it himself in an effort to reduce the high cost living.

The telegraph company charges a rental of \$1.25 a month for use of its electric clocks. Hopkins believes the price is too high and has ordered it removed. He will provide his own time in the future instead of the "naïve observatory time" as furnished by the telegraph company.

## 25 YEARS AGO IN TOPEKA

From the columns of THE TOPEKA STATE JOURNAL.

February 10, 1905.

For once the well known Egyptian darkness of the grand opera house was overcome by a glow of light of forty candle power.

A little before the curtain went up at the musical show Saturday night, about forty of the Elks, including their wives, who were present in the front rows of the parquet, lighted little wax candles by which to read their programs.

It was funny and so very apt that the audience laughed and cheered. The candles were only burned a few minutes.

Among the torch bearers for liberty were the following well known men: Eugene Ware, Lee Jones, A. B. Woodworth, H. L. Shire, Ed. Curry, Wm. Henderson, Chas. R. McDonald, Bert Lucas, Nick Smith, O. P. Updegraff, E. F. Hill, Wm. Wadsworth, E. J. Dallas, Wm. Brewer, J. R. Palmer, Elmer Atwood, C. K. Holliday, Jr., Geo. R. Payne, W. F. Federman, James R. Clay, E. B. Gulld, F. S. Thomas, Robert Pierce, J. D. Cleaves and Ralph Peterson.

Miss Babe Sturgis of Concordia, a former Delany girl, who with the Misses Daisy Lakin and Julia Street this week.

Mrs. L. H. Mann is visiting in Galveston, Texas. During her absence she will visit Mrs. Play L. Soper at Muskogee, Indian Territory.

Miss Madge Johnson and Miss Irene Horner have the Topeka club mustache for tomorrow night in charge.

Mrs. Willis Norton will entertain the Duplicate Whist club Thursday afternoon.

LIMITED SMASHED AUTOMOBILE. Motor Went Dead on Crossing—One Killed, Three Hurt.

Hutchinson, Feb. 10.—Joseph Koelsch, of Ellinwood, was killed outright, one daughter, Miss Emma Koelsch, probably fatally injured, another daughter, Mrs. Gus Oswald and her husband dangerously hurt when an automobile they were in was struck by an interurban car Monday evening, at the edge of Hutchinson.

The car, a fast limited for Wichita, hit the automobile at a grade crossing, when the automobile went dead and stopped on the car tracks.

## FEW SPECULATORS

Southwest Banks Not Hit by New Federal Rule.

Plenty of Money Makes Big Demand for Luxuries.

Dallas, Tex., Feb. 10.—The southwest is comparatively free of speculative loans of any serious magnitude, C. C. Hall, assistant federal reserve agent for the eleventh district, announced in his report today.

The advance in discount rates in November had little effect on the volume of discounts, the report asserted, adding that an initial heavy liquidation of discounts for reserve city banks was offset by increased demands from interior banks to finance 1920 farming operations.

Prominent among factors making strong the position of national and state banks, the report mentioned the district's 1919 production of 111,902,600 barrels of oil which more than doubled the 1918 yield.

"Crop statistics compiled in December," the report continued, "indicate that 1919 was Texas's banner year in agricultural production, the money returns from cotton having exceeded all former records, and the production of grain doubled the highest previous records of former years. Range conditions were never more satisfactory."

With plenty of money in their pockets, consumers continue to demand the highest grade of manufactured products, it was reported, "and there is no visible prospect of an early abatement of this tendency."

Only sixteen business failures were reported in December, involving liabilities aggregating \$187,817, which, except September, is the district's best record in three years.

Allied Vessels Bombard Odessa. London, Feb. 10.—One British and one French cruiser were bombarding Odessa, a wireless dispatch from Moscow said. Fiercest street fighting preceded the capture of the city by the Bolsheviks, the dispatch added.

## Drink Coffee

If It Causes Indigestion, a Couple of Stuart's Dyspepsia Tablets Will Promptly Give Relief.

Indigestion caused by coffee is the same as indigestion caused by anything else. If eating food or drinking coffee makes you dyspeptic, all you need is Stuart's Dyspepsia Tablets, because they act with an alkaline effect which is just what the stomach does in health.

"I Surely Do Enjoy My Coffee! I'm Not Afraid to Drink It, Either, for I Have a Box of Stuart's Dyspepsia Tablets."

Stuart's Dyspepsia Tablets mix with the food you eat. The stomach by its peristaltic action churns and moves the food around the stomach walls and the powerful ingredients in these tablets instantly begin digesting the food as they are forced through it and around it.

The use of one of these tablets after meals will in a very short time correct the faults of digestion and you will enjoy your coffee and food without the oldtime distress of indigestion.

Every drug store carries Stuart's Dyspepsia Tablets. Price, 50 cents.—Advertisement.

JOURNAL ADS BRING RESULTS.

At the first chill! Take Genuine Aspirin marked with the "Bayer Cross" to break up your Cold and relieve the Headache, Fever, Stiffness.

Warning! To get Genuine Aspirin prescribed by physicians for over 19 years, you must ask for "Bayer Tablets of Aspirin," and look for the name "Bayer" on the package and on each tablet. Always say "Bayer."

Each "Bayer package" contains safe and proper directions for the relief of Colds—also for Headache, Neuralgia, Toothache, Earache, Rheumatism, Lumbago, Neuritis and for Pain generally.

## Bayer-Tablets of Aspirin

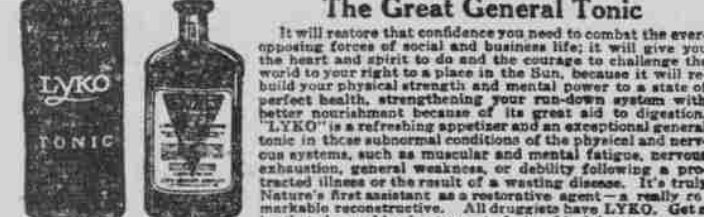

Boxes of 12—Bottles of 24—Bottles of 100—Also Capsules—All druggists. Aspirin is the trade mark of Bayer Manufacture of Monacetteleidester of Salicylic acid.

## The Choice Prizes of Life Are Won By the Healthy and Strong

The weak, soft, flabby-muscled—who are deficient in vigor and vital force—have ever had to suffer the humiliation of being ruthlessly shoved aside by their stronger rivals. A clear, ruddy complexion; bright eyes; hardened muscles; and a well knit-together body, of elastic step and sway, constitute a trump card in any game—whether of love or business.

If you feel that you are out-classed, lacking the stamina to stand up and claim your own, don't delay another day in commencing to take

LYKO is sold in original package only, like picture above. Refuse all substitutes. New York. LYKO MEDICINE COMPANY. Kansas City, Mo.

## Lithography in Topeka

KANSAS first knew lithography thirty years ago, and until recently when a small plant was started in Wichita, Topeka has been the source of supply in this product for the entire West. Shipment has just been made to a well-known concern in Kansas City, Missouri, of a 1/4 million lithographed letterheads, not an unusual order or circumstance. Topekans may justly be proud of the reputation of the pioneer lithographer of Kansas.

60c paid in for 120 months is \$72.00; we add as dividends \$28.00, making \$100.00 coming to you.

No Fines—No Fees—You always get what you pay in with dividends added.

Increase your salary by opening an account. Get Our Booklet. The Capitol Building & Loan Ass'n 554 Kansas Ave.

## Has Grip Left You a Bad Back?

THERE'S surely some good reason for that lame, aching back. Likely it's your kidneys. Your kidneys need help occasionally just as your bowels need help. And it's mighty poor policy to neglect the slightest kidney weakness. A cold, chill or strain oftentimes congests the kidneys and slows them up. Poisons accumulate in the system and many mysterious aches and pains result. That may be the reason for that dull, nagging backache, those sharp, sudden pains and that tired, worn-out feeling. You may have headaches and dizzy spells, too, with perhaps, some annoying bladder irregularity. You owe it to yourself to get well and stay well. Neglect may lead to gravel, dropsy or Bright's disease. Use Doan's Kidney Pills. They have helped many Topeka people and should help you. Ask your neighbor.

## These Are Topeka Cases:

EAST EIGHTH STREET	JEFFERSON STREET	CHESTNUT STREET
R. A. Stewart, salesman, 411 E. 8th St., gave the following statement, Oct. 25, 1919: "I was laid up with kidney and kidney complaint, had a dull pain just over my kidneys and at night my rest was broken, owing to the too frequent action of my kidneys. I was feeling pretty much run down until I began taking Doan's Kidney Pills which I got at Arnold's Drug Store. Doan's gave me instant relief."	Mrs. C. J. Clerico, 314 Jefferson St., says: "I did work where I was constantly stooping over and it was at that time my kidneys were affected. As a result, I used to have severe attacks of backache. I felt tired most all the time and awful dizzy spells came over me. I got Doan's Kidney Pills and they gave me the needed relief. I used about two boxes." (Statement given Feb. 9, 1915.)	J. G. Trimble, 700 Chestnut St., says: "Heavy lifting weakened my kidneys and caused lame back a year ago. My back ached and when I stooped over I could hardly raise up again. My back was also sore. The kidney secretion passed irregularly and caused me much annoyance. I also had bad headaches and spells of dizziness. I heard about Doan's Kidney Pills and three boxes cured the backache, headaches, dizziness and made my kidneys well."
LAKE STREET	MONROE STREET	
Andrew Losh, retired carpenter, 633 Lake St., says: "For years I suffered from kidney trouble. My back was so lame and painful, I couldn't get about and had to pull myself up by something after sitting down awhile. I didn't sleep well and got up in the morning feeling miserable in every way. I had served many years in the army and I blamed the exposure and hardships for my suffering. The kidney secretions were highly colored. I used Doan's Kidney Pills, procured from Rowley's Drug Store, and since then I have been free from all those troubles."	Mrs. Wm. Peterson, 514 Monroe St., says: "I suffered with my back for a long time. Often, my kidneys troubled me, being irregular in action and I seemed worn out and could hardly do my housework. At times I was very nervous and whenever I caught cold it settled in my kidneys and made me feel worse. After I used Doan's Kidney Pills for awhile, I got relief and have felt better ever since."	Mrs. Peterson gave the above statement October 23, 1913, and on May 12, 1919, she added: "I still retain my faith in Doan's Kidney Pills. They always give me excellent relief from kidney troubles and I am continually praising them. All I have said for Doan's, I gladly confirm today."

## Doan's Kidney Pills

Every Druggist has Doan's, 60c a box. Foster-Milburn Co., Manufacturing Chemists, Buffalo, N. Y.
